

BOBASHIELA

DEDICATION

The class of 1968 dedicates this yearbook to all the students who have contributed unselfishly of their energy and time to the preparation of the traditional Sport Night review which was cancelled this year. This annual activity has been a source of constructive competition and fair play for two generations. Not only has Sport Night promoted friendships, but it has also instilled in all participating students a sense of pride in creating extravaganzas that are a pleasure to view. The class of 1968 realizes the importance of Sport Night and therefore honors all the participants of this most worthwhile activity.
